Call anonymously with information about crime

Do you want to stop a dealer selling drugs in your area?

Dealers don't care about lives or communities. They don't care about supplying drugs to school kids. They don't care about crime. In fact, they don't care about any of the problems they cause. But you don't have to put up with it. If you know anything at all about drug dealers please phone Crimestoppers. Your call is 100% anonymous and it will make a difference.

Do you want to remain completely anonymous?

People have had enough of drug dealers. But some people are still worried about talking to us. So it's important to point out that you can call Crimestoppers completely anonymously. We won't ask your name and you won't be asked to give evidence in court.

We can't trace you. Neither can anyone else.

When you phone Crimestoppers we're not interested in who you are. You can even use the reply slip below if you want. It can't be traced either.
